SOLUTIONS

Luxury Shower Screens & Enclosures

*Shower yourself in
luxury with the ultimate in*

**CONTEMPORARY
ELEGANCE**

With over 30 years of experience in the bathroom industry, we offer luxury showering solutions with a build quality to stand the test of time.

Innovatively designed by our expert team, the 8mm **Spectra** and **Exclusive Solutions** ranges are produced right here at our dedicated manufacturing site in the heart of the UK.

With endless design options to suit all shapes, styles and sizes of bathroom, there really is something for everyone.

These two collections are part of our wider product portfolio including the **Design Solutions** range, which offers luxury products in 10mm glass and a variety of individual style options.

We would like to thank you for choosing our new **Spectra** and **Exclusive Solutions** brochure, which we hope will inspire and help you to select the perfect product to create the bathroom of your dreams.

From initial concept through to manufacture, our product design team create superbly engineered shower screens & enclosures using the latest in 3D design technology.

We are extremely proud to manufacture our shower screens & enclosures here in the UK at our custom-built factory. All of our products are hand built by our skilled team of craftsmen.

Investing in new equipment and technology ensures that we are able to offer quality yet affordable products and the very latest in bathroom design, with over 30 years of industry expertise.

From humble beginnings, TO GLOBAL TRADE

It's in our genes

Enriched by a passion for superb design and product innovation Aqata are a leading UK manufacturer of luxury shower screens and enclosures. Founded in 1986 by engineer and entrepreneur Peter Brown, we are a home-grown, family owned company with over 30 years' experience in the bathroom industry.

The best possible service

Whilst business has evolved over the years, customer satisfaction has remained our priority and is at the heart of everything we do. We understand the importance of providing our customers with the best possible support and service.

Our extended family

Over many years we have successfully built a network of retailers throughout the UK, working closely together to develop strong partnerships providing customers with the ultimate in bathroom design. Our expertise in delivering individually designed bespoke products has also created opportunities for us to supply into niche markets both domestically and worldwide including; luxury house builders and developers, exclusive hotels, leisure complexes and luxury yachts.

Always looking ahead

Continuing to invest in design and development is the key to providing the very best bathroom solutions, as we strive to manufacture luxury and affordable products that stand the test of time.

We hope you enjoy choosing your perfect product from the **Spectra** and **Exclusive Solutions** collections as much as we have enjoyed creating them.

Introducing SPECTRA & EXCLUSIVE SOLUTIONS

Designed with you in mind, our impressive portfolio of showering solutions has something for everyone. Not only offering highly engineered luxury shower screens and enclosures, we also give our customers the opportunity to redefine their bathroom with our extensive range of shapes and styles.

Available on all Aqata product ranges, our **Made 2 Measure** service can transform an awkward space into a shower oasis by incorporating angles, rakes and notches into the glass, as well as providing non-standard sized doors and panels. Should you require a more frameless look, models in our **Design Solutions** collection can be designed with a bracket only fixing option (shown below). More information can be found at aqata.co.uk

As well as our customer service and technical support teams being on hand to guide you through your project, the Aqata **Survey and Installation Service** carried out by our qualified engineers ensures that your product is measured and installed with 100% accuracy. More information can be found on page 90.

Our selection of etched glass designs offer a level of customisation like no other, with all products being supplied with **ClearShield ECO-GLASS™** protection as standard.

You can also browse our range of **shower trays**, suited to both standard sized and dedicated-shaped products depending on your design preference.

Spectra

Designed to bring your bathroom a contemporary elegance, the innovatively designed **Spectra** wall profile boasts 24mm of **built-in wall adjustment** to overcome out of true walls to ensure a smooth installation and a perfect fit.

Our range of **Spectra** wet room panels with straight or curved glass are extremely popular for a minimal and contemporary look, with spacious walk-ins also creating a feeling of light and space.

Bi-fold and sliding doors are available within the collection, which are a perfect space-saver for use in smaller bathrooms.

Quadrant (shown left) enclosures offer a more unique style with smooth gliding doors, with quintet models featuring discreet magnetic closing ideal for corner spaces.

Exclusive Solutions

Precision engineered and hand-built by our expert craftsmen, this collection includes stunning straight and curved glass, quadrant, sliding, hinged, pivot and bi-fold doors to turn problem spaces into innovative design solutions.

Delivering a more classic style with a build quality to stand the test of time, the **Exclusive Solutions** collection is also suitable for use with steam, giving you the opportunity to bring a relaxing spa experience into your own home (shown left).

CHOOSING YOUR PERFECT PRODUCT

Planning your dream bathroom should be an inspiring and exciting experience. Follow our simple guide to ensure you choose a showering solution that is perfect for you.

As well as receiving support from our network of approved Aqata retailers, our experienced in-house sales and technical teams are also on hand to answer any questions you may have about the **Spectra** and **Exclusive Solutions** collections.

1

What is your preferred style?

From wet room panels to full shower enclosures, we can offer the ideal solution for creating your sanctuary at home.

Choosing your perfect product has never been easier, as we have something for everyone. Browse through our **Spectra** and **Exclusive Solutions** collections to discover which style works best for you

2

Create the look

We know that everyone is unique, which is reflected in the personal taste and preferences when it comes to designing your bathroom space.

Perhaps an etched screen would work perfectly to provide a level of privacy in your bathroom? Once you've chosen your desired model from the collections, take a look at the choices available from page 82.

It is also important to ensure that your desired product is suitable for the area you have available, taking into consideration other bathroom furniture as well as wall and floor finishes.

3

There's more we can offer

Our full range of shower trays perfectly complement the **Spectra** and **Exclusive Solutions** collections, available to suit all standard sizes and manufactured to the highest standards.

Browse our full range of shower trays from page 96.

4

Our other collection

The **Spectra** and **Exclusive Solutions** ranges are a part of our impressive portfolio of showering solutions - including the **Design Solutions** collection - all designed with you in mind and with something to suit every taste.

The **Design Solutions** range not only offers highly engineered luxury shower enclosures and screens, but also the opportunity to create the individual look you desire by being able to specify wall fixing, coloured finish, glass type, etched design and handle option.

More information can be found at aqata.co.uk

5

Why not leave it to us?

With Aqata's Made 2 Measure service, the most challenging spaces can be transformed. Angled walls, notched panels and sloping ceilings can be catered for as well as a variety of other features.

For a worry-free solution, our in-house team of highly skilled installation engineers are available to carry out an initial site survey, including precise area measurement, through to the full installation of your product. More information can be found on page 90.

6

Visit one of our showrooms

For a closer look at Aqata products on display and to take a step towards creating your dream bathroom, check out our Showroom Locator at aqata.co.uk/showrooms to find your nearest Aqata dealer.

They will be more than happy to discuss your requirements in more detail to help you create the ultimate in bathroom design.

Shower Trays

A full range of shower trays are available, complete with 90mm hi-flow waste as standard.

Optional adjustable legs and removable panels are also available.

See page 96 for more details.

Non Standard Sizes

Non-standard sizes are available. For made to measure options including increased widths, heights, angles, notches and rakes see our Made 2 Measure section on pages 90.

Beautifully designed with practical bi-fold doors, the SP481 allows for a maximum showering area in a corner space even when space is limited.

The folding door glides smoothly and effortlessly, with magnetic closing door seals keeping shower spray at bay whilst maintaining the frameless aesthetic and clear glass adding to the feeling of light and space.

Steady Bars

SB8 integral top rail brace bar supplied as standard on both models (all sizes).
See page 84 for more details

Shower Trays

A full range of shower trays are available, complete with 90mm hi-flow waste as standard.
Optional adjustable legs and removable panels are also available.
See page 98 for more details.

Please note: For shower tray to suit SP501 models, select opposite handing to enclosure handing. Please ask for more details.

Non Standard Sizes

Non-standard sizes are available. For made to measure options including increased widths, heights, angles, notches and rakes see our Made 2 Measure section on pages 90.

SP500 SP501

Quintets with Hinged Door

The luxury SP500 and SP501 quintets use only the finest materials ensuring the best use of corner spaces.

For offset sizes, the SP500 has the door hinged off the shorter panel. The SP501 has the door hinged off the longer panel, offering an alternative configuration for the space available.

Shower Trays

A full range of shower trays are available, complete with 90mm hi-flow waste as standard.

Optional adjustable legs and removable panels are also available.

See page 98 for more details.

The ES360 sliding door quadrant makes excellent use of a corner space with 550mm radius.

Available in both equi-sided and offset sizes to suit any bathroom space, the double doors close onto magnetic seals with a smooth sliding action.

The curved clear toughened glass, and polished chrome finished profiles also house built-in wall adjustment.

KEY FEATURES

- Toughened glass
- Includes ClearShield ECO-GLASS™
- Covered by Aqata's Lifetime Guarantee (see page 102)
- Enclosure height is 1950mm
- Suitable for Power showers (see page 100)
- This sliding door has a pre-assembled frame (Please consider site access when ordering)

STEADY BARS

Combining style and function, our range of steady bars (supplied as standard on *Spectra* products) offer additional support. Please refer to individual product pages for details on steady bar choices supplied.

90 Degree Straight Steady Bar
Height from top of glass - 30mm

Curved Steady Bar (Style May Vary)
Height from top of glass - 30mm

Glass To Glass Steady Bar
Height from top of glass - 30mm

T Steady Bar (Double Block)
Height from top of glass - 30mm

T Steady Bar (Single Block)
Height from top of glass - 30mm

Ceiling Fix
Supplied on screens and enclosures designed and built at an increased height (to meet ceiling).

T Steady Bar (Inline)
Height from top of glass - 30mm

Top Rail Brace Bar
Used on SP500 & SP501

Please note: The type of steady bars provided may vary depending on your enclosure dimensions.

Clearance is required above the top of the steady bar when fitting.

T Steady Bar (Return to Wall)
Height from top of glass - 30mm

GLASS ETCHING

Aqata's in-house glass etching service offers a range of stunning etched designs. We also specialise in creating unique etchings for clients who require their own logo or company branding, or for individuals who would like their own personal design.

For a contemporary look, modesty panels and all over etching can customise your enclosure and provide privacy.

TIMELESS DESIGNS

For a feeling of decadence, a bathroom sanctuary with a more timeless design can be created with a variety of features we offer in the ***Design Solutions*** collection.

Coloured Finishes

Creating even more choice and design flexibility, we are now able to offer alternative coloured finishes to all products in our ***Design Solutions*** range.

As well as the current offering of chrome finish, all models in the range are available in a further three finish options of **gold, polished nickel** and **brushed nickel**.

More information including surcharges can be found in the ***Design Solutions*** brochure which can be viewed at **aqata.co.uk**

Glass Etching

Our in-house glass etching service not only has a library of traditional designs, but we can also reproduce your own unique design.

More information can be found on page 85.

Towel Rails

A selection of towel rails are available to choose from as part of the ***Design Solutions*** collection.

Towel rails in a more traditional style are also available. Please contact the Sales Office for more details and pricing.

For More Information

Download or request a copy of our Design Solutions brochure at aqata.co.uk or from your nearest Aqata dealer.

CLEARSHIELD

ECO-GLASS™

Supplied as standard on all Aqata enclosures, doors and screens, this unique product is applied to the inside of the glass and works just like 'non-stick' cookware, acting as a protective barrier on the surface of the glass.

Key Features & Benefits

- Resists staining from hard water deposits
- Saves time and effort and is easier to clean
- Keeps your shower looking like new for longer
- Eco-friendly for a more hygienic environment
- Does not support the growth of bacteria

The surface of award-winning ClearShield ECO-GLASS™ is chemically non-reactive.

The ClearShield protection bonds to glass and lime scale and other dirt will build up only half as fast.

Cleaning and maintaining the glass on your ***Spectra*** or ***Exclusive Solutions*** product is now a very simple task.

Care & Maintenance

Specialist after-care for shower glass has been developed to gain the maximum performance from ClearShield ECO-GLASS™.

This unique after care product should be used in a simple and regular manner on the glass, framework and shower tray.

For more information on how to care and maintain your ***Spectra*** or ***Exclusive Solutions*** product, including the use of water softeners and to purchase after-care products please see page 100.

Visit aqata.co.uk/ClearShield

WARNING: abrasive cleaning methods, pads and compounds or highly alkaline cleaners should not be used on ClearShield ECO-GLASS™.

*The durability of ClearShield ECO-GLASS™ may be affected by the frequency of use of the shower, hardness of the water and the type of cleaning compounds and methods used, all of which are beyond the control of the manufacturer.

Terms & Conditions

You must register your product online at **aqata.co.uk** to activate your warranty.

The correct After-Care products must be purchased and used to maintain the ClearShield ECO-GLASS™ warranty. Please refer to your ClearShield ECO-GLASS™ warranty form once you have purchased your product for further information.

Made 2 Measure FEATURES

A - *Angled Panels & Doors*

The perfect solution for making the best use of awkward spaces, such as sloping ceilings in loft conversions.

B - *Rakes*

To overcome out-of-true walls that do not require an angled cut, a rake can be made to the glass.

C - *Increased/Reduced Height & Width*

Increased or reduced height and increased or reduced width can dramatically change the way your product looks and feels in the space you have available.

Please note: maximum height and widths dependent upon total weight of the glass. Please check with us prior to ordering.

D - *Notches*

Ideal for enclosures sitting onto a bath or stud wall and to accommodate stylish seating and vanity areas.

Steam Enclosures

When designed to fully enclose the showering area, a steam sanctuary can be created. More information can be found on page 100.

For Advice & Guidance

Please contact the Sales Office, where a member of our team will be pleased to confirm your Made 2 Measure Price.

Call 01455 896500

Email sales@aqata.co.uk

Please note: The surcharges above are a guide only. Aqata will not be responsible for Made 2 Measure prices quoted incorrectly and that have not been confirmed by a member of the Aqata team.

Additional surcharges may apply depending on the outcome of the site survey (for example, a rake may be required to overcome out of true walls).

Examples of
Made 2 Measure
PRICING

To assist with pricing your Made 2 Measure enclosure, the examples below illustrate the steps you need to take based on different scenarios.

SP400

Shower Screen Increased Height

- Select your product**
 - SP400 Shower Screen, Width 1400mm, Increased Height 2400mm with Ceiling Fix
- Select the standard size listed in the brochure**
 - 1400mm RRP £701.67 exc VAT
- Refer to price list for surcharges**
 - Bespoke panel upto 1400mm wide RRP £380.00 exc VAT
 - Increased height over 2200mm RRP £175.00 exc VAT
- Calculate total price for Made 2 Measure shower screen**
 - £701.67 exc VAT + £380.00 exc VAT + £175.00 exc VAT = RRP £1256.67 exc VAT

SP470

Hinged Door with 2 Inline Panels, Special Width and Angled Panel

- Select your product**
 - SP470 Shower Enclosure (Door with Two Inline Panels) to fit a width 1525mm with one angled panel
- Select the next largest size listed in the brochure**
 - SP470-1600 RRP £1655.00 exc VAT
- Deduct the door size from the overall width**
 - Overall width 1525mm minus door size 635mm = 890mm
- Determine bespoke panel size(s) – not required for products with one panel**
 - Divide 890mm by 2 to give a panel size of 445mm (per panel)
- Refer to price list for surcharges**
 - Bespoke panel 445mm wide are RRP £215.00 exc VAT per panel, plus additional surcharge for one angle RRP £80.00 exc VAT
- Calculate total price for Made 2 Measure shower screen**
 - £1655.00 exc VAT (standard enclosure price) + £430.00 exc VAT (for two bespoke panels) + £80.00 exc VAT (for one angle) = RRP £2165.00 exc VAT

SURVEY, TEMPLATE & INSTALLATION SERVICE

For complete peace of mind, Aqata have a team of experienced installation engineers available to carry out the initial site survey through to full installation of your unique shower enclosure.

The three options of our Made 2 Measure service are:

Option 1 - *Made 2 Measure*

Working from your provided measurements, we can design and produce a Made 2 Measure enclosure. Please refer to our Made 2 Measure price guide on page 92.

Please note: a hard wood template is required for angles. Please contact our Sales Office for advice on producing a template.

Option 2 - *Survey & Template*

To ensure a realistic appraisal is carried out on the space you have available, an Aqata engineer will measure and template a Made 2 Measure enclosure ready for installation. Prices can be found on page 94.

Option 3 - *Survey & Installation*

Let us look after everything and have our team of experienced installation engineers provide the complete service by measuring, templating and - once the enclosure has been manufactured - carrying out the installation.

Installation is only available if Aqata have carried out the site survey. Additional charges may apply following site survey (see page 92).

Important Information

Following a site survey or submission of a template, it may become apparent that a proposed design is not suitable for manufacture. Wherever possible an alternative design will be proposed, however should no alternative be available the site survey charge will still be applied.

Our quotations are based on your specification and accurate measurements (after installation of the shower tray and tiling).

For more information about planning for your product, please see page 100 or contact us.

SHOWER TRAYS

Aqata shower trays are manufactured to the highest standard using a special process that produces a very rigid super strong acrylic capped tray, which is extremely durable and warm to the touch with a superlative smooth surface.

Aqata shower trays are all quality guaranteed and come complete with a 90mm hi-flow waste as standard. Optional 100mm high removable panel and adjustable legs are available, allowing flexibility with a choice of installing low level, flush or raised above the floor.

Some dedicated shaped shower trays are available. More information can be found on page 99.

Key Features

- Wide flat rim for improved seal
- 35mm low level (optional leg and panel packs available)
- Complete with hi-flow chrome finish waste
- Maximum 25 kilograms, one man lift
- Anti-bacterial trays

IMPORTANT PRODUCT

& Technical Information

Technical Specifications

All products are built and tested in accordance with the relevant CE marking certification EN14428.

Products in the ***Spectra*** and ***Exclusive Solutions*** ranges feature toughened safety glass manufactured in accordance with EN12150-1.

Aluminium sections are extruded from BS EN 755-2:2016 Aluminium, grade 6463-T5, to EN 12020-2:2016 dimensional requirements, polished and bright anodised to ISO 7599:2010

Care & Maintenance

- Your product will provide you with many years of luxurious showering at home, when properly maintained. It is important to follow our recommended care programme.
- Squeegee and remove any water on the glass, frame and fittings after each use
 - Do not allow lime scale to build up on the enclosure
 - Use the ClearShield After-Care cleaner once a week to polish the glass and framework
 - Do not leave neat cleaning products on the surfaces
 - **Do not use any “spray on and leave” cleaning products**
 - Ensure any cleaning products are non-abrasive and between pH 4 & 8
 - Do not allow paint stripper, nail varnish remover, spirits, dry cleaning agents, w.c cleaners or bleach to come in direct contact with surfaces

We sell a variety of products that can be used to clean and maintain your Aqata enclosure or screen. These can be purchased by calling us directly on **01455 896500**

Micro fibre E-Cloth	£4.75
Acrylic Shower Squeegee	£6.00

*(plus P&P)

Shower Trays

Clean after every use with warm soapy water or mild detergent and wipe dry with a soft cloth.

Easy access waste trap should be removed and cleaned weekly, ensuring any debris is cleared.

Water Softeners

If you have a single cylinder water softener installed and are in a hard water area, there may be a reaction from the water on the glass. Softened water is generally higher in alkalinity and is therefore harmful. If you have a hot water storage tank installed, then conditions are even more aggressive than unsoftened water.

It is recommended that after removing excess water with a squeegee, a microfibre E-cloth® should be used to remove any remaining water from the glass and frame.

Measuring & Installation

We strongly recommend the use of the Aqata Survey, Template & Installation service to ensure an accurate measure and perfect fit for ultimate peace of mind.

Surveying can only take place if the area is in a finished condition, with – where applicable – shower trays in place and tiling completed.

Walls must either be solid or have suitable studwork to support the weight of the product.

Please note: If a survey is attended and cannot be completed due to incomplete conditions as listed above, the site survey charge will still be applied.

Consider the site access available and dimensions when ordering large panels of glass. Please check dimensions on the relevant page when ordering products.

The position of other items that are to be installed after your shower enclosure should be considered, so as to ensure this does not impact operation (including WCs, basins, radiators etc.).

Our Technical Support Team will be more than happy to discuss your project with you at any stage, to ensure the desired outcome is achieved.

Usage

Water tightness is a key consideration when choosing your shower enclosure. Aqata products are approved for use with power showers, **under normal showering conditions**. Forcing water under pressure at seals and joints can cause water to escape.

Please consider the position of your showerhead when designing your bathroom - ideally this should not be aimed directly at screens, panels and doors. (Positioning of showerheads on images in this brochure are for illustrative purposes only).

Dependent upon the power of the shower and the position of the showerhead, water spray may extend beyond the length of shower screens and bath screens.

Install your enclosure in a well-ventilated area as steam and condensing vapour can result in mineral deposits/build up, as well as ensuring a suitable waterproof and sealed floor finish is used outside the showering area.

Some products can be suitable for use with steam. Please contact our Technical Support Team for more information.

Bath Screens

The rim of baths must be flat and level to install an Aqata bath screen. They are not suitable for roll top baths or stepped baths.

Steady Bars

The type of steady bars supplied may vary depending on your enclosure dimensions and may differ from the images illustrated in this brochure. Our Sales Office are able to clarify which type of steady bar will be supplied once an order has been placed.

Towel Rails

These should be used as an accessory only and should not be used as grab rails.

Dimensions

All dimensions stated in this brochure are in millimetres (mm).

YOUR GUARANTEE

*plus our
terms and conditions*

Guarantee

Aqata bathroom products are manufactured to the highest standard. Our confidence in the quality and reliability of our products enables us to offer a lifetime guarantee* on all Aqata shower enclosures and a five-year guarantee on Aqata shower trays.

This guarantee covers manufacturing or product faults and does not cover wear and tear or damage caused during fitting or misuse. Spare parts are chargeable after two years. Please refer to our full guarantee for further details.

Please ensure you register your products to validate your guarantee, as failure to do so will invalidate your guarantee. You can register online at **www.aqata.co.uk** or call **01455 896500**

Copyright

All material and illustrations included in this catalogue are the copyright of AQATA LIMITED and cannot be used without prior written permission and credit in any other publication, advertisement, correspondence, catalogue or brochure in any medium whatsoever, whether written or electronic, including the internet. For full details please refer to the Aqata Limited E-commerce Policy which can be found at **www.aqata.co.uk**. All rights reserved.

Delivery Charges

Shower trays despatched without an enclosure will be subject to £35.00 net carriage charge (plus VAT). Orders for miscellaneous products (excluding trays) under the value of £200 including VAT will be subject to a carriage charge. Please ask for details.

Continual Improvement

Our company policy is one of continual improvement and Aqata reserve the right to amend designs, specifications and prices without prior notice E&OE. Shower tray heights can vary due to manufacturing tolerances of $\pm 5\text{mm}$. The descriptions chrome, gold, polished nickel and brushed nickel when referring to Aqata shower enclosures apply to surface finishes only. All products are subject to availability.

Returns Policy

Because of the bespoke nature of Aqata products, a re-stocking charge of 25% plus carriage charge will apply on all returned items. A £25.00 net administration charge also applies. We will not re-stock any bespoke or etched glass orders, boxes that have been opened or products over 3 months old. Damaged goods will not be credited. Terms and conditions apply.

Head Office Showroom

Please note: We will not be able to facilitate an on-site order but we will be pleased to pass you onto your nearest Aqata dealer who will be able to assist in the purchase of your product.
