

Mereway Bathrooms[®]

...it's all about individuality

Live life the Mereway...

CREATING INSPIRATIONAL BATHROOMS SINCE 1998

Since 1998 we have built an enviable reputation for not only creating beautiful hand crafted bathrooms here in the UK but by offering the kind of customer service that others can only aspire to.

Mereway Bathrooms®

All our bathrooms are constructed using traditional materials and methods with an obsessive attention to detail. We are confident that you will not find comparable bathrooms's built quite like this.

That's because our way, we believe, is the best way and that way is the Mereway.

Live life the Mereway

We recognise that we have a vital role in helping to protect the local and global environment and are proud to use a wide range of sustainable products throughout the production process. These include timbers that have been FSC certified or Pan European approved, or have originated from managed forests.

Live life the Mereway

A perfume is just a perfume, right?

I have my favourite perfume.

When its in the bottle it can be anyone's perfume but once I'm wearing it, it becomes individually mine.

It becomes me and I feel incomplete without it.

In the mornings, it somehow magically lifts me and prepares me for the working day.

In the evenings, a long bath (or shower), a change into something that little bit special and that same perfume somehow becomes more intense and intoxicating.

I keep my perfume, in my favourite place in the bathroom.

That's my space, sometimes shared with my husband, children and guests but ultimately its my space.

Like my perfume I have made it individually mine.

That's what this bathroom collection is all about.

There's everything here to help you create a bathroom that is as individual as you are and will effortlessly take you from refreshing early mornings to that special time when its just you, a hot scented bath and ultra soft towels.

MerewayBathrooms®

Call me an 'individual'...

Bathrooms are often the smallest room in the house where space tends to be at a premium. With inspirational furniture, worktops and handles, Mereway Bathrooms have brought together a collection of designs and finishes we know you will love.

Crafted with style and quality, Mereway Bathrooms offer furniture collections designed to reflect your lifestyle and suit your pocket.

...but I like the Mereway of doing things.

Call me an 'individual'...
But I like the Mereway of doing things

Jane Maddern

Founder & owner of Jane Maddern Handmade Soaps

Never one to do things the conventional way. I, like Mereway, approach things a little differently.

We share values on how things should be done; taking our time to create beautiful yet functional products. No short cuts. We both seek out the finest ingredients and materials available, resulting in quality products that stimulate your senses and balance your mood.

This Bathroom collection cleverly combines both practicality with beauty, creating a space that you will enjoy for years to come.

Maddern

www.janemaddernsoaps.co.uk

Nestled amongst lush farmland at the foot of the Mendip Hills in Somerset, Jane Maddern creates natural products that reflect the luscious surroundings. Using the best quality essential oils and plant extracts, Jane has developed a range of handmade soaps, hand creams, liquid hand washes, body washes and body creams to suit your every mood. Allow yourself to be momentarily transported to another place as you indulge your senses using her unique products.

There are three ways to fit your bathroom.

Which ever one you choose, you'll be taking the **first step** to creating a bathroom that will become as individual as you.

FITTED

The word fitted says it all really. Floor standing and usually stretching from wall to wall, fitted furniture makes the best use of limited space, hides all those ugly pipes and makes really good use of those awkward corners.

PAGES 12-39

MODULAR

Modular furniture appears to float off the floor as there is no plinth. Suspended and secured to any wall, it extends the floor space and makes for a real eye catching centre piece for any bathroom.

PAGES 40-51

COMBINATION

Using a combination of the two, your bathroom can benefit from the advantages offered by both, fitted furniture that makes the best use of space and modular for that iconic suspended look. The possibilities are endless...

PAGES 52-65

Now lets talk about the look of your new bathroom.

This is the second step and its all down to your personal preference.

There are four looks to choose from, so there's plenty of choice.

In the following pages you will see a variant of stunning bathrooms, these are available in multiple finishes. Please ask your retailer for more details.

Basins & Pans

Choosing your basin and pan is very important in the overall look and feel to your bathroom.

Semi-Recess Basins

The great idea behind these basins is the opportunity to install fitted furniture in your bathroom with a much shallower projection. This allows you to have a larger basin without encroaching on the space of the bathroom.

Sit-on Basins

This basin sits on the top of the bathroom worktop. This style of basin brings a very unique and modern theme to your bathroom.

Fitted Inset Sit-On Basins

This is a very discreet basin that is inset into the cabinet.

Back to Wall Pan

These fully back to wall toilet pans conceals all pipework, ensuring that your bathroom looks neat and tidy.

Wall Hung Pan

Perfect for making bathrooms look bigger, these sleek styles will suit any bathroom design.
