From initial concept through to manufacture, our product design team create superbly engineered shower screens & enclosures using the latest in 3D design technology.

We are extremely proud to manufacture our shower screens & enclosures here in the UK at our custom-built factory. All of our products are hand built by our skilled team of craftsmen.

Investing in new equipment and technology ensures that we are able to offer quality yet affordable products and the very latest in bathroom design, with over 34 years of industry expertise.

From humble beginnings, TO GLOBAL TRADE

With over 34 years of experience in the bathroom industry, we offer luxury showering solutions with a build quality to stand the test of time.

Innovatively designed by our expert team and produced right here at our dedicated manufacturing site in the heart of the UK, our product portfolio is made up of endless design options to suit all shapes, styles and sizes of bathroom... there really is something for everyone.

We would like to thank you for choosing AQATA. We hope will inspire and help you to select the perfect product to create the bathroom of your dreams.

It's in our genes

Enriched by a passion for superb design and product innovation AQATA are a leading UK manufacturer of luxury shower screens and enclosures. Founded in 1986.

The best possible service

Whilst business has evolved over the years, customer satisfaction has remained our priority and is at the heart of everything we do. We understand the importance of providing our customers with the best possible support and service.

Our extended family

Over many years we have successfully built a network of retailers throughout the UK, working closely together to develop strong partnerships providing customers with the ultimate in bathroom design. Our expertise in delivering individually designed bespoke products has also created opportunities for us to supply into niche markets both domestically and worldwide including; luxury house builders and developers, exclusive hotels, leisure complexes and luxury yachts.

Always looking ahead

Continuing to invest in design and development is the key to providing the very best bathroom solutions, as we strive to manufacture luxury and affordable products that stand the test of time.

We hope you enjoy choosing your perfect product from the complete AQATA collection as much as we have enjoyed creating it.

Introducing SPECTRA & DESIGN SOLUTIONS

Designed with you in mind, our impressive portfolio of showering solutions has something for everyone. Not only offering highly engineered luxury shower screens and enclosures, you also have the opportunity to redefine your bathroom with our extensive range of shapes and styles.

Available on all AQATA product ranges, our **Made to Measure** service can transform an awkward space into a shower oasis and the AQATA **Survey and Installation Service** carried out by our qualified engineers ensures that your product is measured and installed with 100% accuracy. More information can be found from page 120.

Spectra

Designed to bring your bathroom a contemporary elegance, the innovatively designed **Spectra** wall profile boasts 25mm of **built-in wall adjustment** to overcome out of true walls to ensure a smooth installation and a perfect fit.

Our range of **Spectra wet room panels** with straight or curved glass are extremely popular for a minimal and contemporary look, with spacious **walk-ins** also creating a feeling of light and space.

Bi-fold and sliding doors are available within the collection, which are a perfect space-saver for use in smaller bathrooms.

Quadrant (shown left) enclosures offer a more unique style with smooth gliding doors, with **quintet** models featuring discreet magnetic closing ideal for corner spaces.

Design Solutions

Our most versatile range to date, giving you the ability to create the individual look you desire by being able to specify wall fixing, coloured frame finish, glass type, etched design and handle option.

We offer a choice of **three** different wall fixing options which cater to different tastes and preferences, all resulting in a stunning design.

Our **sleek adjustable wall profile** (shown left) is supplied as standard on all products throughout the range. Innovatively designed, our 27mm profile provides up to a maximum of 12mm built-in wall adjustment (+/- 6mm if set at mid adjustment) for real flexibility to ensure a smooth installation and a perfect fit.

Our selection of shower screens can also be designed and built with a **slimline aluminium wall channel**.

Should you desire the ultimate frameless look. Doors can be **hinged directly off walls**, with bracket fixings for fixed, in-line and side panels.

For an added personal touch, there is a choice of **clear glass**, bronze and grey **tints** and our **Clear Plus** glass option, which offers a crystal clear finish.

We are able to offer alternative coloured frame finishes to products in the **Design Solutions** collection, including **matte black**, **polished gold**, **polished nickel** and **brushed nickel**.

To complete the look, choose from a variety of **handle options and towel rails** to complement your Design Solutions product. Our selection of **etched glass designs** also offer a level of customisation like no other. All AQATA shower screens and enclosures are supplied with **ClearShield ECO-GLASS™ protection** as standard. You can also browse our range of **shower trays**, depending on your design preference.

More information on these options can be found from page 110.

CHOOSING YOUR PERFECT PRODUCT

Planning your dream bathroom should be an inspiring and exciting experience. Follow our simple guide to ensure you choose a showering solution that is perfect for you.

As well as receiving support from our network of approved AQATA retailers, our experienced in-house sales and technical teams are also on hand to answer any questions you may have about our products.

1

What is your preferred style?

From wet room panels to full shower enclosures, we can offer the ideal solution for creating your sanctuary at home.

Choosing your perfect product has never been easier, as we have something for everyone. Browse through our collections to discover which style works best for you.

2

Create the look

We know that everyone is unique, which is reflected in the personal taste and preferences when it comes to designing your bathroom space.

Perhaps an etched screen would work perfectly to provide a level of privacy in your bathroom? Once you've chosen your desired model from the collections, take a look at the choices available from page 110.

It is also important to ensure that your desired product is suitable for the area you have available, taking into consideration other bathroom furniture as well as wall and floor finishes.

3

As individual as you are

The versatility of the **Design Solutions** range means you are able to tailor the look and feel of your product with individual style options such as wall fixing, coloured frame finishes, glass and handle options available to choose from.

Perhaps a tinted glass screen would work perfectly to complement the flooring in your bathroom? Or a sleek towel rail is the perfect finishing touch? Once you've chosen your desired model from the collection, take a look at the choices available from page 54.

4

There's more we can offer

Our full range of shower trays perfectly complement our product ranges, available to suit all standard sizes and manufactured to the highest standards.

Browse our full range of shower trays from page 123.

5

Why not leave it to us?

With AQATA's Made to Measure service, the most challenging spaces can be transformed. Angled walls, notched panels and sloping ceilings can be catered for as well as a variety of other features. More information can be found on page 120.

For a worry-free solution, our in-house team of highly skilled installation engineers are available to carry out an initial site survey, including precise area measurement, through to the full installation of your product. More information can be found on page 122.

6

Visit one of our showrooms

For a closer look at AQATA products on display and to take a step towards creating your dream bathroom, check out our Showroom Locator at www.aqata.co.uk/find-a-showroom/ to find your nearest AQATA dealer.

They will be more than happy to discuss your requirements in more detail to help you create the ultimate in bathroom design.

SP500 SP501

Quintet with Hinged Door

The luxury SP500 and SP501 quintets use only the finest materials ensuring the best use of corner spaces.

For offset sizes, the SP500 has the door hinged off the shorter panel. The SP501 has the door hinged off the longer panel, offering an alternative configuration for the space available.

KEY FEATURES

- 8mm toughened glass
- Includes ClearShield ECO-GLASS™
- Covered by AQATA's Lifetime Guarantee (see page 127)
- Enclosure height is 2010mm
- Suitable for power showers (see page 126)
- Non standard sizes available (see page 120)
- Suitable for tray or wetroom
- Glass etching available (see page 113)
- Also available in the Design Solutions range

SP485

Bath Screen
Outward Opening

KEY FEATURES

-  8mm toughened glass
-  Includes ClearShield ECO-GLASS™
-  Covered by AQATA's Lifetime Guarantee (see page 127)
-  Screen height is 1500mm
-  Rim of bath must be flat and level
-  Suitable for power showers (see page 126)
-  Glass etching available (see page 113) Subject to size restrictions

The SP485 bath screen opens outwards for easy access and cleaning.

The polished chrome finish wall profiles have built in wall adjustment and concealed fixings to ensure this luxury bath screen will be a perfect fit.

SP490 SP491

Bath Screens
Inward or Outward Opening

KEY FEATURES

-  8mm toughened glass
-  Includes ClearShield ECO-GLASS™
-  Covered by AQATA's Lifetime Guarantee (see page 127)
-  Screen height is 1500mm
-  Rim of bath must be flat and level
-  Suitable for power showers (see page 126)
-  Glass etching available (see page 113) Subject to size restrictions
-  Also available in the Design Solutions range

The SP490 and SP491 bath screens provide the perfect solution for over the bath showering.

Innovatively designed and made from 8mm toughened glass, the SP490 screen folds inward 180 degrees and the SP491 screens folds outwards 180 degrees to act as an effective water barrier.

Please use correct product code when ordering, ensuring the correct direction of opening.

Wall Fixing Options

Adjustable Wall Profiles (Supplied as standard)

Offering 12mm of adjustment (+/- 6mm each side), this option is fitter-friendly and can compensate for out of true walls. AQATA's Survey & Installation service is not required when choosing this wall fixing option.

Slimline Wall Channel

This option has no adjustment and therefore walls, floors and shower trays must be entirely level and true to ensure accurate installation. AQATA's Survey & Installation service is optional when choosing this wall fixing option, but recommended for a worry-free solution.

Bracket Only

Featuring mirror polished finish brackets for a totally frameless look. Walls, floors and shower trays must be entirely level and true. Due to the nature of this fixing option AQATA's Survey & Installation service is required. Additional charges may apply - see page 122 for more details.

Please state wall fixing option when ordering.

Coloured Finishes

Chrome finish supplied as standard.
Matte black, gold, polished nickel and brushed nickel finishes available for a surcharge.
DS400 - £166.67 (RRP exVAT)
DS405 - £250.00 (RRP exVAT)
See page 116 for more details.

▼

DS405

Corner Option

Featured: DS405-12x9 RHE with Adjustable Wall Profile, TR-35/12x9 Shower Tray

Steady Bars

DS400 - SB1 straight steady bar supplied as standard on all screens 1000mm wide and over. Optional angled steady bar (SB2) available as an alternative on request.

DS405 - SB9T steady bar (return to wall) supplied as standard.
See page 112 for more details.

Non Standard Sizes

Non-standard sizes are available. For made to measure options including increased widths, heights, angles, notches and rakes see our Made to Measure section on page 120.

Towel Rails

HO7 & HO8 optional towel rails are available for a surcharge of £92.50 RRP exVAT. See page 118 for more details.

Glass Options

10mm clear toughened glass supplied as standard.
Clear Plus glass available for a 15% surcharge.
Tinted glass options available including bronze & grey for a 20% surcharge.
See page 114 for more details.

Glass etching service available - see page 113.

Shower Trays

A full range of shower trays are available, complete with 90mm hi-flow waste as standard. Optional adjustable legs and removable panels are also available.
See page 123 for more details.

Offering 12mm of adjustment (+/- 6mm), this option is fitter-friendly and can compensate for out of true walls. AQATA's Survey & Installation service is not required when choosing this wall fixing option.

Slimline Wall Channel

This option has no adjustment and therefore walls, floors and shower trays must be entirely level and true to ensure accurate installation. AQATA's Survey & Installation service is optional when choosing this wall fixing option, but recommended for a worry-free solution.

Bracket Only

Featuring mirror polished finish brackets for a totally frameless look. Walls, floors and shower trays must be entirely level and true. Due to the nature of this fixing option, AQATA's Survey & Installation service is required. Additional charges may apply - see page 122 for more details.

Please state wall fixing option when ordering.

Coloured Finishes

Chrome finish supplied as standard.
Matte black, gold, polished nickel and brushed nickel finishes available for a £258.33 surcharge (RRP ex VAT).
See page 116 for more details.

Steady Bars

SBI straight steady bar supplied as standard on all screens. See page 112 for more details.

Non Standard Sizes

Non-standard sizes are available. For made to measure options including increased widths, heights, angles, notches and rakes see our Made to Measure section on page 120.

Towel Rails

HO7 & HO8 optional towel rails are available for a surcharge of £92.50 RRP ex VAT.

See page 118 for more details.

Glass Options

10mm clear toughened glass supplied as standard.
Clear Plus glass available for a 15% surcharge.
Tinted glass options available including bronze & grey for a 20% surcharge.
See page 114 for more details.

Glass etching service available - see page 113.

Shower Trays

A full range of shower trays are available, complete with 90mm hi-flow waste as standard. Optional adjustable legs and removable panels are also available.
See page 123 for more details.

DS445

Walk In with Fixed Panel

DS490 - Inward Opening Bath Screen

DS490 DS491

The DS490 and DS491 bath screens provide the perfect solution for over the bath showering.

Innovatively designed and made from 10mm toughened glass, the DS490 screen folds inward 180 degrees and the DS491 screens folds outwards 180 degrees to act as an effective water barrier.

Coloured frame finishes in matte black, gold, polished nickel and brushed nickel are available. See page 116 for more details.

KEY FEATURES

-  10mm toughened glass
-  Includes ClearShield ECO-GLASS™
-  Covered by AQATA's Lifetime Guarantee (see page 127)
-  Suitable for power showers (see page 126)
-  Overall height is 1500mm
-  Rim of bath must be flat and level
-  Non-standard sizes available (see page 120)
-  Glass options available (see page 113)
-  Also available in the Spectra Range

✓ DS490 & DS491

Inward/Outward Opening Bath Screens

Featured: DS490-900 LHF with Adjustable Wall Profile: (Inward Opening Bath Screen)

Wall Fixing Options

Adjustable Wall Profiles (Supplied as standard)

Offering 12mm of adjustment (+/- 6mm each side), this option is fitter-friendly and can compensate for out of true walls. AQATA's Survey & Installation service is not required when choosing this wall fixing option.

Slimline Wall Channel

This option has no adjustment and therefore walls, floors and shower trays must be entirely level and true to ensure accurate installation. AQATA's Survey & Installation service is optional when choosing this wall fixing option, but recommended for a worry-free solution.

Bracket Only

Featuring mirror polished finish brackets for a totally frameless look. Wall and bath rim must be entirely level and true. Due to the nature of this fixing option, AQATA's Survey & Installation service is required. Additional charges may apply - see page 122 for more details.

Please state wall fixing option when ordering.

Coloured Finishes

Chrome finish supplied as standard.
Matte black, gold, polished nickel and brushed nickel finishes available for a £175.00 surcharge (RRP ex VAT).

WALL FIXING OPTIONS

Products in the **Spectra** collection are supplied with adjustable wall profiles as standard. **The Design Solutions** range offers three wall fixing options, shown below. See imagery or details on individual product pages for details on wall fixing options available for a specific model.

Adjustable Wall Profile (AWP) **Spectra**

Supplied as our standard option

Offering upto a maximum 25mm of built-in adjustment (+/- 12mm if set at mid adjustment).

This option is fitter friendly and can compensate for out of true walls.

Adjustable Wall Profile (AWP) **Design Solutions**

Supplied as our standard option

Offering upto a maximum 12mm of built-in adjustment (+/- 6mm if set at mid adjustment).

This option is fitter friendly and can compensate for out of true walls.

Slimline Wall Channel (SWC) **Design Solutions**

Available on selected models only (see product pages)

This option has no adjustment and therefore walls, floors and shower trays must be entirely level and true to ensure accurate installation.

AQATA's Survey & Installation service is optional when choosing this wall fixing option, but recommended for a worry-free solution. For more details see page 122.

Hinge/Bracket Only (H/BO) **Design Solutions**

Completely frameless option

Polished chrome wall brackets and/or hinges for a sleek look. This option has no adjustment and therefore walls, floors and shower trays must be entirely level and true to ensure accurate installation.

Due to the nature of this wall fixing option, AQATA's Survey & Installation service is required to ensure a perfect fit. Additional charges may apply following site survey. For more details see page 122.

Should you require no visible frame on your **Design Solutions** product, recessed wall channels can be supplied. Please contact the Sales Office for more details.

STEADY BARS

Combining style and function, our range of steady bars (supplied as standard) offer additional support for your AQATA product. Please refer to individual product pages for details on steady bar choices available

Steady bars are available in alternative coloured finishes should you choose this option for your **Design Solutions** product.

90 Degree Straight Steady Bar

Height from top of glass - 30mm

Spectra - Curved Steady Bar (Style May Vary)

Design Solutions - 45 Degree Angled Steady Bar (not shown)
Height from top of glass - 30mm

Glass To Glass Steady Bar

Height from top of glass - 30mm

T Steady Bar (Double Block)

Height from top of glass - 30mm

T Steady Bar (Single Block)

Height from top of glass - 30mm

Ceiling Fix

Supplied on screens and enclosures designed and built at an increased height (to meet ceiling).

T Steady Bar (Inline)

Height from top of glass - 30mm

Top Rail Brace Bar

Used on SP500 & SP501

T Steady Bar (Return to Wall)

Height from top of glass - 30mm

Ceiling Fix Column - For 8mm and 10mm Glass

Available in chrome finish. Additional cost will apply - ask for details.

For more information visit www.aqata.co.uk/ceilingfixcolumn

Please note: The type of steady bars provided may vary depending on your enclosure dimensions. Clearance is required above the top of the steady bar when fitting.

GLASS OPTIONS

We pride ourselves on our endeavour to source the finest quality materials, to ensure that all products we manufacture are built to last.

CLEARSHIELD ECO-GLASS™

Supplied as standard on all AQATA enclosures, doors and screens, this unique product is applied to the inside of the glass and works just like 'non-stick' cookware, acting as a protective barrier on the surface of the glass.

Key Features & Benefits

- Resists staining from hard water deposits
- Eco-friendly for a more hygienic environment
- Saves time and effort and is easier to clean
- Does not support the growth of bacteria
- Keeps your shower looking like new for longer

The surface of award-winning ClearShield ECO-GLASS™ is chemically non-reactive. The ClearShield protection bonds to glass and lime scale and other dirt will build up only half as fast.

Terms & Conditions

You must register your product online at www.aqata.co.uk to activate your warranty. The correct After-Care products must be purchased and used to maintain the ClearShield ECO-GLASS™ warranty. Please refer to your warranty form once you have purchased your product for further information.

For more details visit www.aqata.co.uk/clearshield

GLASS ETCHING

AQATA's in-house glass etching service offers a range of stunning etched designs.

For a contemporary look, modesty panels and all over etching can customise your enclosure and provide privacy.

For more details visit www.aqata.co.uk/glass

B10 - Modesty Panel

TINTED GLASS OPTIONS

We are able to offer various glass options on all models in the **Design Solutions** range, giving you more freedom when it comes to designing the bathroom of your dreams.

Whether you are looking for a crystal-clear screen or a tinted enclosure to complement the look of the room, our range of glass options are listed below.

Clear
10mm thick clear glass
Included as standard in listed prices

Clear Plus*
Low iron glass, which is ultra-clear
Add a 15% surcharge to listed prices

Tinted Grey
Add a 20% surcharge to listed prices

Tinted Bronze
Add a 20% surcharge to listed prices

Please note: The appearance of glass tints may vary depending on what it is positioned behind the glass and the availability of light. All **AQATA** products feature toughened safety glass manufactured in accordance with EN12150-1.

*Clear Plus effect is only accurate when glass is viewed face on - **do not view through glass edge**

For more details visit www.aqata.co.uk/glass

COLOURED FINISHES

We are always looking at ways to provide our customers with the very best in bathroom design.

Creating even more choice and design flexibility, we offer alternative coloured finishes to all products in the **Design Solutions** range.

All models are available in five finish options; **matte black**, **gold**, **polished nickel** and **brushed nickel**, excluding hinged doors and quintets in **matte black**.

Pricing

All products are supplied in **chrome** as standard.
Please see product pages for individual surcharges for **matte black**, **gold**, **polished nickel** and **brushed nickel** finishes.

How To Order

Please state your preferred coloured finish option when placing your order.
Lead times may vary subject to availability. Please ask for details when ordering.

Please note: When properly maintained, your product will provide you with many years of luxurious showering at home. It is important to follow our recommended care programme (see page 126).

HANDLES & TOWEL RAILS

H01

H02

Glass cut outs are a great way to retain a completely contemporary look and feel in your bathroom.

H03

H04

Stylish handles with a quality chrome finish add the perfect finishing touch.

Handle Options	
Code	Dimensions
HO1	Diameter: 50mm
HO2	Width: 40mm Overall Length: 80mm
HO3	Overall Length: 126mm
HO4	Overall Length: 220mm
Above options supplied at no extra charge	

Remember to state your preferred handle option when placing your order.

H05

H06

These longer length handles provide added impact and are perfect for increased height enclosures.

H07

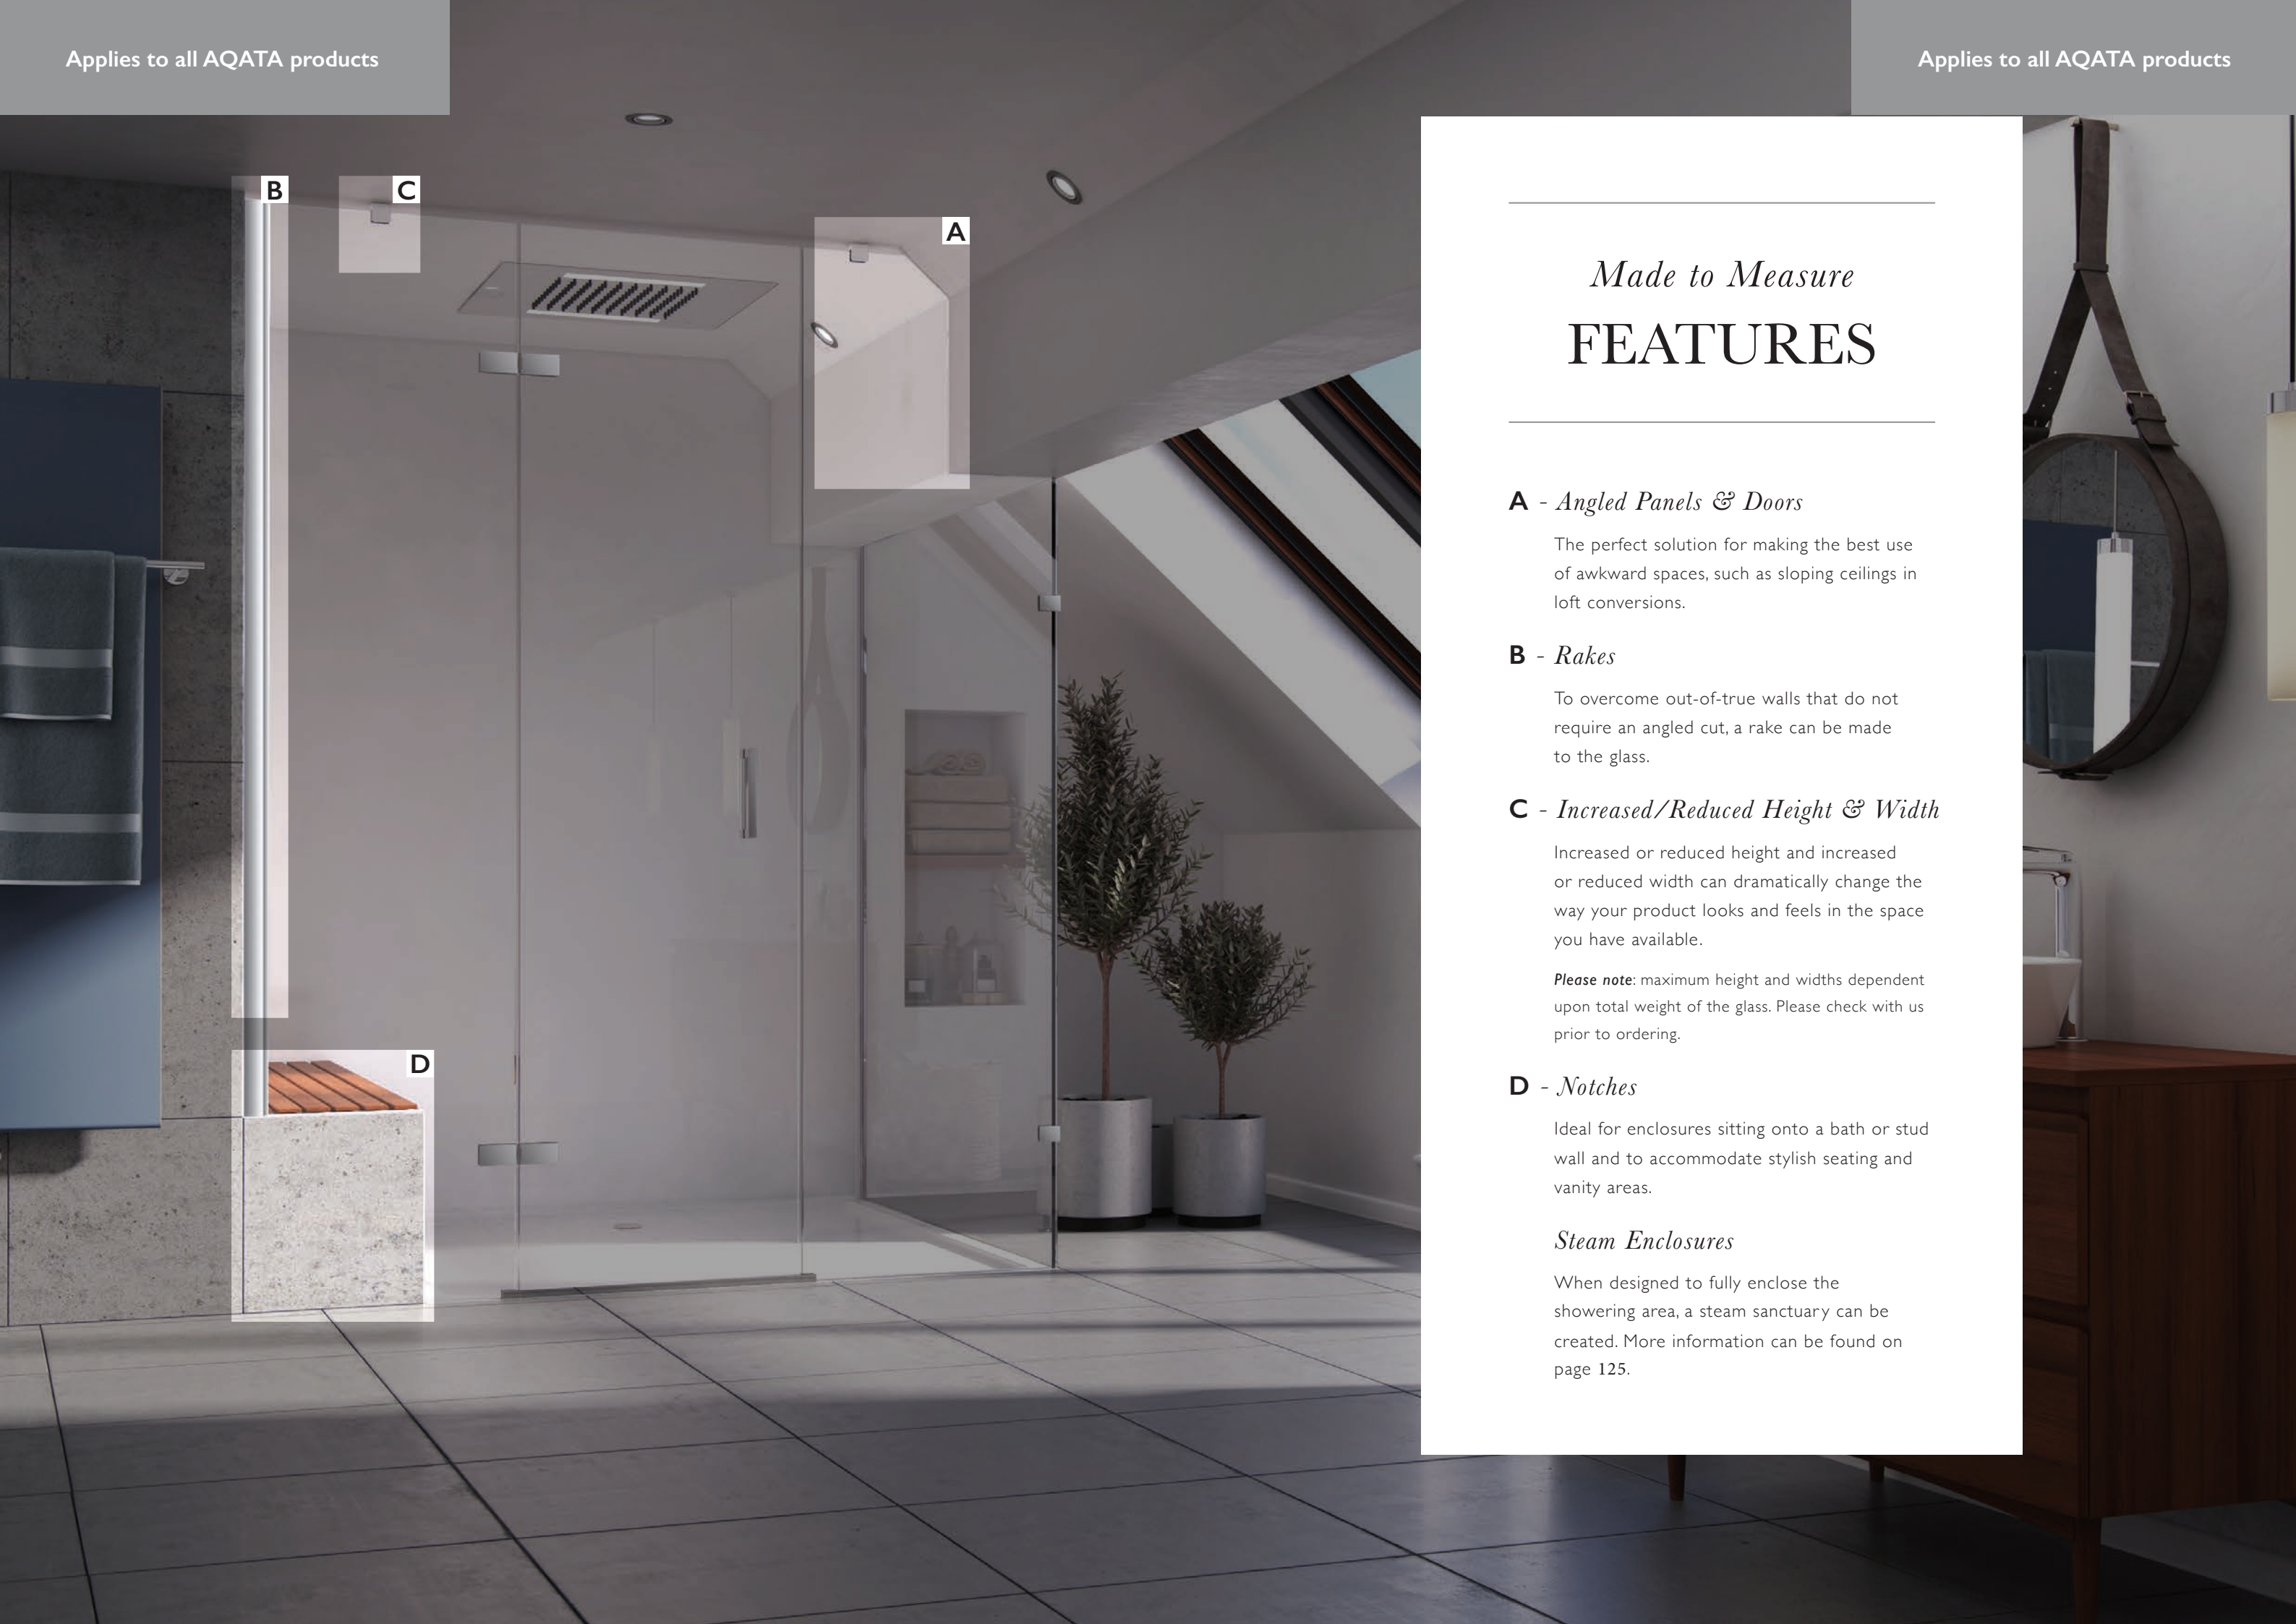

Towel rails can be fixed to any screen or enclosure to provide an additional practical bathroom accessory.

H08

Handle Options			
Code	Dimensions	Price Ex VAT	Price Inc VAT
HO5	Overall Length: 457mm	£134.20	£161.00
HO6	Overall Length: 457mm	£134.20	£161.00
HO7	Overall Length: 457mm	£92.50	£111.00
HO8	Overall Length: 457mm	£92.50	£111.00
Above surcharges are additional to the listed price of the shower screen or enclosure.			

Please note: Handle/towel rail options are supplied in polished chrome finish as standard. Please ensure coloured finish option (if required) is clearly stated at time of order.

Made to Measure FEATURES

A - Angled Panels & Doors

The perfect solution for making the best use of awkward spaces, such as sloping ceilings in loft conversions.

B - Rakes

To overcome out-of-true walls that do not require an angled cut, a rake can be made to the glass.

C - Increased/Reduced Height & Width

Increased or reduced height and increased or reduced width can dramatically change the way your product looks and feels in the space you have available.

Please note: maximum height and widths dependent upon total weight of the glass. Please check with us prior to ordering.

D - Notches

Ideal for enclosures sitting onto a bath or stud wall and to accommodate stylish seating and vanity areas.

Steam Enclosures

When designed to fully enclose the showering area, a steam sanctuary can be created. More information can be found on page 125.

SURVEY, TEMPLATE & INSTALLATION SERVICE

For complete peace of mind, AQATA have a team of experienced installation engineers available to carry out the initial site survey through to full installation of your unique shower enclosure.

The three options of our Made to Measure service are:

Option 1 - Made to Measure

Working from your provided measurements, we can design and produce a Made to Measure enclosure. Please refer to our Made to Measure price guide on page 120.

Please note: a hard wood template is required for angles. Please contact our Sales Office for advice on producing a template.

Option 2 - Survey & Template

To ensure an accurate measure is carried out on the space you have available, an AQATA engineer will measure and template a Made to Measure enclosure ready for installation. Prices can be found on page 123.

Option 3 - Survey & Installation

Let us look after everything and have our team of experienced installation engineers provide the complete service by measuring, templating and - once the enclosure has been manufactured - carrying out the installation.

Installation is only available if AQATA have carried out the site survey. Additional charges may apply following site survey (see page 122).

Important Information

Following a site survey or submission of a template, it may become apparent that a proposed design is not suitable for manufacture. Wherever possible an alternative design will be proposed, however should no alternative be available the site survey charge will still be applied.

Our quotations are based on your specification and accurate measurements (after installation of the shower tray and tiling).

For more information about planning for your product, please see page 126 or contact us.

SHOWER TRAYS

AQATA shower trays are manufactured to the highest standard and come complete with a 90mm hi-flow chrome waste as standard. Gold finish and white waste covers available £24.17 ex VAT. Optional 100mm high removable panel and adjustable legs are available, allowing flexibility with a choice of installing low level, flush or raised above the floor.

IMPORTANT PRODUCT

& Technical Information

Technical Specifications

All products are built and tested in accordance with the relevant CE marking certification EN14428.

Products in the **Spectra** and **Design Solutions** ranges feature toughened safety glass manufactured in accordance with EN12150-1.

Aluminium sections are extruded from BS EN 755-2:2016 Aluminium, grade 6463-T5, to EN 12020-2:2016 dimensional requirements, polished and bright anodised to ISO 7599:2010

Care & Maintenance

- Your product will provide you with many years of luxurious showering at home, when properly maintained. It is important to follow our recommended care programme.
- Squeegee and remove any water on the glass, frame and fittings after each use
 - Do not allow lime scale to build up on the enclosure
 - Use the ClearShield After-Care cleaner once a week to polish the glass and framework
 - Do not leave neat cleaning products on the surfaces
 - **Do not use any “spray on and leave” cleaning products**
 - Do not use limescale remover on the frame
 - Ensure any cleaning products are non-abrasive and between pH 4 & 8
 - Do not allow paint stripper, nail varnish remover, spirits, dry cleaning agents, W.C cleaners or bleach to come in direct contact with surfaces

We sell a variety of products that can be used to clean and maintain your AQATA enclosure or screen. These can be purchased by calling us directly on **01455 896500**

Micro fibre E-Cloth	£3.96	£4.75
Acrylic Shower Squeegee	£5.00	£6.00

*(plus P&P)

Shower Trays

Clean after every use with warm soapy water or mild detergent and wipe dry with a soft cloth.

Easy access waste trap should be removed and cleaned weekly, ensuring any debris is cleared.

Water Softeners

If you have a single cylinder water softener installed and are in a hard water area, there may be a reaction from the water on the glass. Softened water is generally higher in alkalinity and is therefore harmful. If you have a hot water storage tank installed, then conditions are even more aggressive than unsoftened water.

It is recommended that after removing excess water with a squeegee, a microfibre E-cloth® should be used to remove any remaining water from the glass and frame.

Measuring & Installation

We strongly recommend the use of the AQATA Survey, Template & Installation service to ensure an accurate measure and perfect fit for ultimate peace of mind. This service must be used if opting for the hinge/bracket only fixing option on your **Design Solutions** product.

Surveying can only take place if the area is in a finished condition, with – where applicable – shower trays in place and tiling completed.

Walls must either be solid or have suitable studwork to support the weight of the product.

Please note: If a survey is attended and cannot be completed due to incomplete conditions as listed above, the site survey charge will still be applied.

Consider the site access available and dimensions when ordering large panels of glass. Please check dimensions on the relevant page when ordering products.

The position of other items that are to be installed after your shower enclosure should be considered, so as to ensure this does not impact operation (including W.Cs, basins, radiators etc.).

Our Technical Support Team will be more than happy to discuss your project with you at any stage, to ensure the desired outcome is achieved.

Usage

Water tightness is a key consideration when choosing your shower enclosure. AQATA products are approved for use with power showers, **under normal showering conditions**. Forcing water under pressure at seals and joints can cause water to escape.

Please consider the position of your showerhead when designing your bathroom - ideally this should not be aimed directly at screens, panels and doors. (Positioning of

showerheads on images in this brochure are for illustrative purposes only).

Dependent upon the power of the shower and the position of the showerhead, water spray may extend beyond the length of shower screens and bath screens.

Install your enclosure in a well-ventilated area as steam and condensing vapour can result in mineral deposits/build up, as well as ensuring a suitable waterproof and sealed floor finish is used outside the showering area.

Some products can be suitable for use with steam. Please contact our Technical Support Team for more information.

Bath Screens

The rim of baths must be flat and level to install an AQATA bath screen. They are not suitable for roll top baths or stepped baths.

Steady Bars

The type of steady bars supplied may vary depending on your enclosure dimensions and may differ from the images illustrated in this brochure. Our Sales Office are able to clarify which type of steady bar will be supplied once an order has been placed.

Towel Rails

These should be used as an accessory only and should not be used as grab rails.

Dimensions

All dimensions stated in this brochure are in millimetres (mm).

YOUR GUARANTEE

*plus our
terms and conditions*

Guarantee

AQATA bathroom products are manufactured to the highest standard. Our confidence in the quality and reliability of our products enables us to offer a lifetime guarantee* on all AQATA shower enclosures and a five-year guarantee on AQATA shower trays.

This guarantee covers manufacturing or product faults and does not cover wear and tear or damage caused during fitting, inadequate or misuse. Spare parts are chargeable after two years. Please refer to our full guarantee for further details.

Please ensure you register your products to validate your guarantee, as failure to do so will invalidate your guarantee. You can register online at www.aqata.co.uk or call **01455 896500**

Copyright

All material and illustrations included in this catalogue are the copyright of AQATA LIMITED and cannot be used without prior written permission and credit in any other publication, advertisement, correspondence, catalogue or brochure in any medium whatsoever, whether written or electronic, including the internet. For full details please refer to the AQATA Limited E-commerce Policy which can be found at www.aqata.co.uk. All rights reserved.

Delivery Charges

Shower trays despatched without an enclosure will be subject to £35.00 net carriage charge (plus VAT). Orders for miscellaneous products (excluding trays) under the value of £200 including VAT will be subject to a carriage charge. Please ask for details.

Continual Improvement

Our company policy is one of continual improvement and AQATA reserve the right to amend designs, specifications and prices without prior notice E&OE. Shower tray heights can vary due to manufacturing tolerances of $\pm 5\text{mm}$. The descriptions chrome, matte black, gold, polished nickel and brushed nickel when referring to AQATA shower enclosures apply to surface finishes only. All products are subject to availability.

Returns Policy

Because of the bespoke nature of AQATA products, a re-stocking charge of 25% plus carriage charge will apply on all returned items. A £25.00 net administration charge also applies. We will not re-stock any bespoke or etched glass orders, boxes that have been opened or products over 3 months old. Damaged goods will not be credited. Terms and conditions apply.

Contact Us
