- Supplied with steady bar fixing
- Non-standard sizes available
- Glass options available
- Also available in the Spectra Range

Shower Screen

Featured: DS400-1200RHE with Adjustable Profile and CF-10

Wall Fixing Options

Adjustable Wall Profiles (Supplied as standard)

Offering 12mm of adjustment (\pm /- 6mm each side), this option is fitter-friendly and can compensate for out of true walls. AQATA's Survey & Installation service is not required when choosing this wall fixing option.

Slimline Wall Channel

This option has no adjustment and theref ore walls, floors and shower trays must be entirely level and true to ensure accurate installation. AQATA's Survey & Installation service is optional when choosing this wall fixing option, but recommended for a worry-free solution.

Bracket Only

Featuring mirror polished finish brackets for a totally frameless look. Walls, floors and shower trays must be entirely level and true. Due to the nature of this fixing option AQATA's Survey & Installation service is required. Additional charges may apply.

Please state wall fixing option when ordering.

Coloured Finishes

Chrome finish supplied as standard. 9 Colour finish options are available.

■ DS405

Corner Option

Featured: DS405-12x9 RHE with Adjustable Wall Profile

DS490 DS491

The DS490 and DS491 bath screens provide the perfect solution for over the bath showering.

Innovatively designed and made from 10 mm toughened glass, the DS490 screen folds inward 180 degrees and the DS491 screens folds outwards 180 degrees to act as an effective water barrier.

9 Colour finish options are available.

KEY FEATURES

- 10 10mm toughened glass
- CS Includes ClearShield ECO-GLASS™
- Covered by AQATA's Lifetime Guarantee
- Suitable for power showers
- Overall height is 1500mm
- Rim of bath must be flat and level
- Non-standard sizes available
- Glass options available
- Also available in the Spectra Range

☑ DS490 & DS491

Inward/Outward Opening Bath Screens

Featured: DS490-900 LHF with Adjustable Wall Profile: (Inward Opening Bath Screen)

Wall Fixing Options

Adjustable Wall Profiles (Supplied as standard)

Offering 12mm of adjustment (\pm /- 6mm each side), this option is fitter-friendly and can compensate for out of true walls. AQATA's Survey & Installation service is not required when choosing this wall fixing option.

Slimline Wall Channel

This option has no adjustment and therefore walls, floors and shower trays must be entirely level and true to ensure accurate installation. AQATA's Survey & Installation service is optional when choosing this wall fixing option, but recommended for a worry-free solution.

Bracket Only

Featuring mirror polished finish brackets for a totally frameless look. Wall and bath rim must be entirely level and true. Due to the nature of this fixing option, AQATA's Survey & Installation service is required. Additional charges may apply

Please state wall fixing option when ordering.

Coloured Finishes

Chrome finish supplied as standard. 9 Colour finish options are available.

Non Standard Sizes

Non-standard sizes are available. For made to measure options including increased widths, heights, angles, notches and rakes see our Made to Measure section.

Glass Options

10mm clear toughened glass supplied as standard.

Clear Plus glass available for a 15% surcharge.

Tinted glass options available including bronze & grey for a 20% surcharge.

Glass etching service available

LOOK

WALL FIXING OPTIONS

Products in the *Spectra* collection are supplied with adjustable wall profiles as standard. *The Design Solutions* range offers three wall fixing options, shown below. See imagery or details on individual product pages for details on wall fixing options available for a specific model.

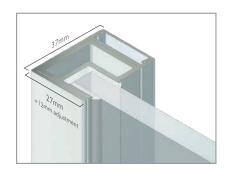

Adjustable Wall Profile (AWP) Spectra

Supplied as our standard option

Offering upto a maximum 25mm of built-in adjustment (+/- 12mm if set at mid adjustment).

This option is fitter friendly and can compensate for out of true walls.

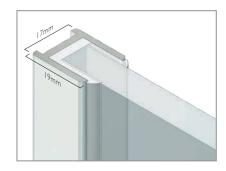

Adjustable Wall Profile (AWP) Design Solutions

Supplied as our standard option

Offering upto a maximum 12mm of built-in adjustment (+/- 6mm if set at mid adjustment).

This option is fitter friendly and can compensate for out of true walls.

Slimline Wall Channel (SWC) Design Solutions

Available on selected models only (see product pages)

This option has no adjustment and therefore walls, floors and shower trays must be entirely level and true to ensure accurate installation.

AQATA's Survey & Installation service is optional when choosing this wall fixing option, but recommended for a worry-free solution.

Hinge/Bracket Only (H/BO) Design Solutions

Completely frameless option

Polished chrome wall brackets and/or hinges for a sleek look. This option has no adjustment and therefore walls, floors and shower trays must be entirely level and true to ensure accurate installation.

Due to the nature of this wall fixing option, AQATA's Survey & Installation service is required to ensure a perfect fit.

Additional charges may apply following site survey.

Should you require no visible frame on your *Design Solutions* product, recessed wall channels can be supplied. Please contact the Sales Office for more details.

STEADY BARS

Combining style and function, our range of steady bars (supplied as standard) offer additional support for your AQATA product. Please refer to individual product pages for details on steady bar choices a vailable

Steady bars are available in alternative coloured finishes should you choose this option for your **Design Solutions** product.

90 Degree Straight Steady Bar Height from top of glass - 30mm

Spectra - Curved Steady Bar (Style May Vary)

Design Solutions - 45 Degree Angled Steady Bar (not shown)

Height from top of glass - 30mm

Glass To Glass Steady Bar Height from top of glass - 30mm

T Steady Bar (Double Block) Height from top of glass - 30mm

T Steady Bar (Single Block) Height from top of glass - 30mm

Ceiling FixSupplied on screens and enclosures designed and built at an increased height (to meet ceiling).

T Steady Bar (Inline) Height from top of glass - 30mm

Top Rail Brace BarUsed on SP500 & SP501

T Steady Bar (Return to Wall) Height from top of glass - 30mm

Ceiling Fix Column - For 8mm and 10mm GlassAvailable in chrome finish. Additional cost will apply - ask f or details.

For more information visit www.aqata.co.uk/ceilingfixcolumn

Please note: The type of steady bar's provided may vary depending on your enclosure dimensions. Clearance is required above the top of the steady bar when fitting.

GLASS OPTIONS

We pride ourselves on our endeavour to source the finest quality materials, to ensure that all products we manufacture are built to last.

CLEARSHIELD ECO-GLASS™

Supplied as standard on all AQATA enclosures, doors and screens, this unique product is applied to the inside of the glass and works just like 'non-stick' cookware, acting as a protective barrier on the surface of the glass.

Key Features & Benefits

- Resists staining from hard water deposits
- Saves time and effort and is easier to clean
- Keeps your shower looking like new for longer
- Eco-friendly for a more hygienic environment
- Does not support the growth of bacteria

The surface of award-winning ClearShield ECO-GLASS TM is chemically non-reactive. The ClearShield protection bonds to glass and lime scale and other dir t will build up only half as f ast.

Terms & Conditions

You must register your product online at <u>www.aqataluxuryshowers.co.uk</u> to activate your warranty. The correct After-Care products must be purchased and used to maintain the ClearShield ECO-GLASS ™ warranty. Please refer to your warranty form once you have purchased your product for further information.

GLASS ETCHING

AQATA's in-house glass etching service offers a range of stunning etched designs.

For a contemporary look, modesty panels and all over etching can customise your enclosure and provide privacy.

TINTED GLASS OPTIONS

We are able to offer various glass options on all models in the *Design Solutions* range, giving you more freedom when it comes to designing the bathroom of your dreams.

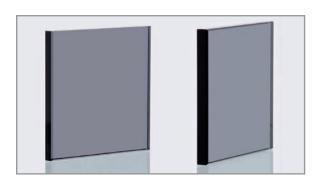

Whether you are looking for a crystal-clear screen or a tinted enclosure to complement the look of the room, our range of glass options are listed below.

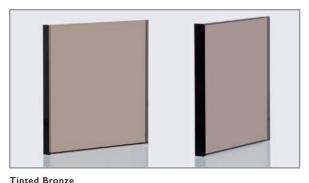

ClearI Omm thick clear glass
Included as standard in listed prices

Low iron glass, which is ultra-clear Add a 15% surcharge to listed prices

Tinted GreyAdd a 20% surcharge to listed prices

Add a 20% surcharge to listed prices

Please note: The appearance of glass tints may vary depending on what it is positioned behind the glas s and the availability of light. All **AQATA** products feature toughened safety glass manufactured in accordance with EN12150-1.

*Clear Plus effect is only accurate when glass is viewed face on - do not view through glass edge

COLOURED FINISHES

We are always looking at ways to provide our customers with the very best in bathroom design.

Creating even more choice and design flexibility, we offer alternative coloured finishes to all products in the *Design Solutions* range.

All models are available in nine finish options; chrome, polished gold, brushed gold, polished nickel, brushed nickel, polished bronze, brushed bronze, polished black & matte black

Pricing

All products are supplied in **chrome** as standard.

Please see product pages for individual surcharges

How To Order

Please state your preferred coloured finish option when placing your order.

Lead times may vary subject to a vailability. Please ask for details when ordering.

Please note: When properly maintained, your product will provide you with many years of luxurious showering at home. It is important to follow our recommended care programme.

HANDLES & TOWEL RAILS

Glass cut outs are a great way to retain a completely contemporary look and feel in your bathroom.

Stylish handles with a quality chrome finish add the perfect finishing touch.

Handle Options	
Code	Dimensions
НОІ	Diameter: 50mm
HO2	Width: 40mm Overall Length: 80mm
НО3	Overall Length: 126mm
HO4	Overall Length: 220mm

Remember to state your preferred handle option when placing your order.

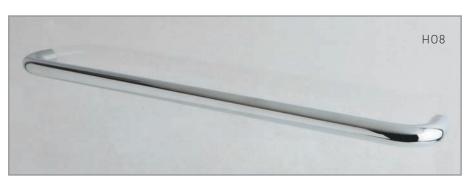

These longer length handles provide added impact and are perfect for increased height enclosures.

Towel rails can be fixed to any screen or enclosure to provide an additional practical bathroom accessory.

Handle C	ptions		
Code	Dimensions	Price ExVAT	Price Inc VAT
HO5	Overall Length: 457mm	£150.00	£180.00
HO6	Overall Length: 457mm	£150.00	£180.00
НО7	Overall Length: 457mm	£150.00	£180.00
HO8	Overall Length: 457mm	£150.00	£180.00
Above su	urcharges are additional to the listed price of t	he shower screen	or enclosure.

Please note: Handle/towel rail options are supplied in polished chrome finish as standard. Please ensure coloured finish option (if required) is clearly stated at time of order.

A - Angled Panels & Doors

The perfect solution for making the best use of awkward spaces, such as sloping ceilings in loft conversions.

B - Rakes

To overcome out-of-true walls that do not require an angled cut, a rake can be made to the glass.

C - Increased/Reduced Height & Width

Increased or reduced height and increased or reduced width can dramatically change the way your product looks and feels in the space you have available.

Please note: maximum height and widths dependent upon total weight of the glass. Please check with us prior to ordering.

D - Notches

Ideal for enclosures sitting onto a bath or stud wall and to accommodate stylish s eating and vanity areas.

Steam Enclosures

When designed to fully enclose the showering area, a steam sanctuary can be created.

SURVEY, TEMPLATE & INSTALLATION SERVICE

For complete peace of mind, AQATA have a team of experienced installation engineers available to carry out the initial site survey through to full installation of your unique shower enclosure.

The three options of our Made to Measure service are:

Option I - Made to Measure

Working from your provided measurements, we can design and produce a Made to Measure enclosure . Please refer to our Made to Measure price guide.

Please note: a hard wood template is required for angles. Please contact our Sales Office for advice on producing a template.

Option 2 - Survey & Template

To ensure an accurate measure is carried out on the space you have available, an AQATA engineer will measure and template a Made to Measure enclosure ready for installation.

Option 3 - Survey & Installation

Let us look after everything and have our team of experienced installation engineers provide the complete service by measuring, templating and - once the enclosure has been man ufactured - carrying out the installation.

Installation is only available if AQATA have carried out the site survey. Additional charges may apply following site surve.

Important Information

Following a site survey or submission of a template, it may become apparent that a proposed design is not suitable for manufacture. Wherever possible an alternative design will be proposed, however should no alternative be available the site survey charge will still be applied.

Our quotations are based on your specification and accurate measurements (after installation of the shower tray and tiling).

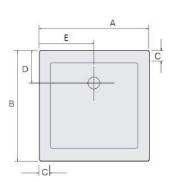

SHOWER TRAYS

AQATA shower trays are manufactured to the highest standard with a 90mm hi-flow chrome waste as standard. Gold finish and white waste covers available £29.00 Inc VAT.

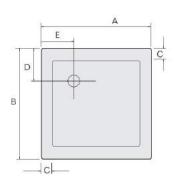

Optional 100mm high removable panel and adjustable legs are available, allowing flexibility with a choice of installing low level, flush or raised above the floor.
